Solar Panel Installation

Designing and installing solar panel systems tailored to the specific needs and energy requirements of the client's property.

Custom System Design

Creating customized solar energy systems that optimize energy production and meet the client's energy goals and budget.

Solar Panel Maintenance

Offering regular maintenance services, including cleaning, inspection, and system monitoring to ensure optimal performance.

Site Assessment

Assessing sites for solar panel feasibility, considering roof condition, shading, and sun exposure

Automatic Solar Panel Cleaning System

Assisting clients in securing financing options, incentives, and rebates to make solar panel installation more affordable.

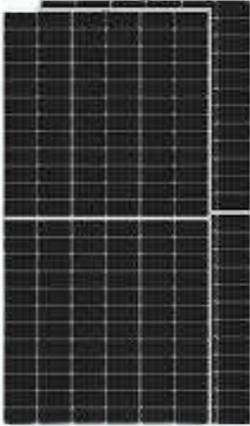

Battery Storage Solutions

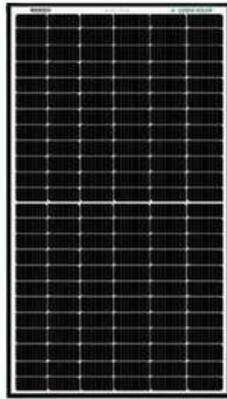

Providing energy storage solutions, such as solar batteries, to store excess energy for use during cloudy days or power outages.

Latest Installations

Client Reviews

"Thrilled with our 8kW solar installation under PM Surya Ghar Yojana! The strong GI structures and excellent finishing exceeded our expectations. Plus, we received a **₹2,38,000 subsidy** from Central & State as BMC residents under **Green City Mission**".

Swarnalata Samantray

"Delighted with our 5kW solar installation under PM Surya Ghar Yojana! The custom-built structure, tailored to our needs with perfect finishing, was impressive. Thrilled by the innovation and talent of the young yet experienced engineer team. Received **₹1,78,000 subsidy** as BMC residents".

Debabrata Dash

"Absolutely thrilled with my 5kW solar installation under PM Surya Ghar Yojana! The heightened structure is a fantastic use of space, and I'm amazed at the **Zero electricity bills—Absolutely Zero!** Monitoring via Solar App shows we're generating 28 units per day, exceeding all expectations. Plus, we received a **₹1,78,000 subsidy** as BMC residents".

Narshingh P. Patro

Client Reviews

"I recently installed a 5kW on-grid solar system under the PM Surya Ghar Yojana, and I'm beyond delighted! The young, energetic team felt like my own grandsons so respectful and kind. They guided me patiently through every step, ensuring I understood the process and benefits of solar energy. Their professionalism and commitment to sustainable innovation impressed me deeply. With a **Subsidy of ₹1,78,000** from the central and state government, the system was incredibly affordable. As a resident of the BMC region, I am thrilled to contribute to a **Greener Future**.

Suprava Dash

"Being a resident from a remote location at Kendrapara, never thought their team from Bhubaneswar arrived in the 2nd half of the day a completed all the installations in **One day**. additionally received a **Subsidy of ₹78,000** as National Subsidy and waiting for State Subsidy."

Rashmi Ranjan Dash

"My honest review 3kW solar installation under PM Surya Ghar Yojana! They provided a solar shed on my roof top area for sustainable use. Amazingly, the entire installation was completed in just **One Day!** I'm highly impressed with the speedy and professional service. Also received a **₹1,38,000 subsidy.**"
